PRESS COMMUNIQUÉ

Fort St. George, November 24, 1925.

[Thanesar Eclipse Fair.]

No. 1333.—It is notified for the information of intending pilgrims that the next Solar Eclipse, which is due on 14th January 1926, will not be visible at Thanesar or its neighbourhood.

Fort St. George, November 21, 1925
(*G.O. Mis No.* 4264, *L. & M.*).

No. 1334.—The Board of Commissioners for Hindu Religious Endowments brings to the notice of Government that the Kumbakonam devasthanam committee has jurisdiction over 400 devasthanams, that it has only two active members and that it has not met since October 1924. As a result, the administration of the endowments in its charge is defective. In the circumstances, the Board requests the Government to abolish under clause (c) of sub-section (1) of section 16 of Act I of 1925, the Kumbakonam devasthanam committee and to constitute a committee under clause (a) of sub-section (1) of section 16 and sections 17 and 18 of the Act.

2. Before issuing a notification as suggested by the Board, the Government under proviso (ii) to sub-section (1) of section 18 of the Act call upon the Kumbakonam devasthanam committee to submit its objections, if any, against such abolition within a month from the date of the receipt of this order

Fort St. George, November 21, 1925
(G.O. Ms. No. 4257, L. & M.).

No. 1335.—It is observed that some district boards have imposed or abolished taxes with retrospective effect. The Government are advised that district boards cannot impose or abolish a tax or alter the rate of a tax already levied with retrospective effect. A notification under section 77 of the Madras Local Boards Act, 1920, is necessary for the levy of a tax or alteration of the rate of a tax already levied by a district board. The date from which the levy or alteration of the rate of a tax is to take effect should be specified in the notification and should always be a future date. If the notification is published after a year or half-year has begun it will be convenient if effect is given to the levy or alteration of the rate of the tax concerned from the next year in the case of annual taxes and from the next half-year in the case of half-yearly taxes.

2. A notification under section 77 is not necessary for the abolition of a tax by a district board but effect cannot be given to the abolition from a date prior to the date of the resolution of the board abolishing the tax.

3. District boards are requested to observe the above instructions carefully.

Fort St. George, October 31, 1925
(G.O. No. 4002, L. & M.).

No. 1336.—In G.O. No. 2500, L. & M., dated 14th July 1925, the Government published the draft of an amendment which they proposed to make under sub-section (1) of section 304 of the Madras District Municipalities Act, 1920, to the second proviso to sub-rule (1) of rule 51 of Schedule IV of that Act relating to the grant of fee concessions to pupils in secondary schools managed by municipal councils.

2. The Municipal Council, Tiruppur, suggests that instead of omitting the words 'of marked ability' in the proviso, the word 'average' may be substituted for the word 'marked' and that the words 'or of any one of three or more pupils of the same parent or guardian on application' may be added after the word 'ability.'—The Government cannot accept the suggestions.

3. The Municipal Council of Bimlipatam is not in favour of the proposed amendment on the ground that its omission will remove the basic principle on which scholarships are generally awarded and that the rule cannot be definite in its application. The Government do not consider that there is much force in the objection. Any scheme which may be framed by a municipal council has to be approved by the Director of Public Instruction who will see that the scheme is on approved lines and meets the necessities of the case. No difficulty is now felt in framing schemes under the corresponding provisions of the Madras Local Boards Act.

4. No other objection or suggestion having been received the draft amendment proposed is now confirmed. The appended notification will be published in the *Fort St. George Gazette.*

5. Collectors are requested to arrange for the republication of the notification in English and in the vernacular in all the district gazettes.

6. The Senior Translator to Government is requested to furnish the Superintendent, Government Press, with translations of the notification in Tamil, Telugu, Malayalam and Kanarese

GOVERNMENT SCHOOL OF COMMERCE, CALICUT.

TERMS—JANUARY TO APRIL AND JULY TO DECEMBER.

FRESH ADMISSIONS, AS A SPECIAL CASE, IN JANUARY 1926

The school re-opens on the 4th January 1926 after the Christmas vacation.

Admissions.—Admissions are generally open only to those who have at least been students of the Fifth Form for a full year in a recognized high school. This is generally the minimum general education qualification necessary for admission into the school A fair knowledge of English, at least such as that ordinarily possessed by a qualified Secondary School-Leaving Certificate holder, is necessary to undergo the course with profit. The higher the general education qualification, the greater, of course, will be the benefit derived from the training given in the school and the capacity to utilise that training to advantage.

School-fees.—Rupees 3 in subject per term, except Typewriting, payable in three equal instalments in the months of January, February and March, and in July, August and September. The fee for Typewriting is Rs. 12 per term payable similarly. The same rate of fees is charged for both the grades

Subjects and classes.—In the English department, instruction is given in the following six subjects, and the students are prepared for the Government Technical Examinations in the Lower and Higher grades in each :—

(1) Book-keeping.
(2) Theory and Practice of Commerce.
(3) Banking with Economics
(4) Commercial Geography.
(5) Shorthand (Pitman's system).
(6) Typewriting.

Each of the grades in a subject generally takes a year

Time-table.—The time-table is so arranged as to enable a beginner to take up almost all the subjects taught in the school in one and the same year. Students of the Typewriting class are divided into batches, each batch, getting an hour's practice every school day.

This class is held from 7-45 to 10-45 a.m. and from 3-30 to 7-30 p.m. The other classes are held from 7-45 to 9-45 a.m. and from 4-30 to 7-30 p.m.

Almost all the classes are held both in the morning and evening hours to afford convenience specially to students of day schools and employees in offices to join the school.

Vacations.—The Government Technical Examinations in *all the subjects* under 'Commerce' are held towards the end of April every year, and the school closes immediately thereafter for the summer vacation and re-opens early in July. The examinations in Shorthand and Typewriting are held in December also, immediately after which the Christmas vacation begins. The school will re-open in the first week of July after midsummer. Those that wish to begin the study of commercial subjects will, therefore, ordinarily be admitted in July every year, and such students must join early, *at least before the 15th of the month.*

As a special case, beginners will be admitted *in January this year in all the subjects,* and they will be prepared for the examinations of April 1927, Higher grade, at a stretch, *thus saving a term.* Of course, those that have already had a course of training for a year or so will be prepared for the Higher grade examinations of April 1926 in all the subjects Fresh admissions in Shorthand and Typewriting will be for the Lower grade examination of December 1926.

N.B.—*It is specially pointed out that beginners as well as others will get themselves admitted at least before the 15th January 1926, on which date regular classes are expected to begin work.*

AUCTION FOR THE SUPPLY OF RAW MATERIALS AND MISCELLANEOUS ARTICLES REQUIRED FOR THE MANUFACTORY DEPARTMENT OF THE DISTRICT JAIL, PALAMCOTTAH.

NOTICE is hereby given that the Superintendent will hold an auction at the District Jail, Palamcottah, at 3 p.m., on 21st December 1925, for the supply of the following articles of rations during the year 1926. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of raw materials and miscellaneous articles to the District Jail, Palamcottah." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and annas per rupee for delivery at the District Jail, Palamcottah, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should before signing such agreements deposit a security of ten per cent of the total value of the supplies undertaken (with approval of the

Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason

4 Contracts should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month, thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required

7. No articles is to be supplied to the Jail except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so 'by order'.

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half-rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply, a memo or advice note, duly signed, showing the number of quantity tendered for acceptance; also to sign and return within a week of payment by cheque, cash order, or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short-payment may be referred to the Superintendent, separately, but are not to be made an excuse for delay or refusal to sign.

10. In addition to any differences in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs 50 may be levied at the discretion of the Superintendent for each and every such case of default. For the repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment, from the security deposited by the contractors, or other monies due to them, and, in the event of any residue, by legal measures, if so advised.

11. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors

12. Further information on any point concerning this notification may be had from the jail office

13. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons, will not be considered.

CULTIVATION STATEMENT—APRIL TO SEPTEMBER 1926.

[On an average of the five years ending 1924-25, the area sown from April to September represents 53 per cent of the cultivation on dry lands and 58 per cent on wet lands.]

General.—The monsoon slackened in the beginning of September 1925 and the rainfall was poor except in Ganjam, Vizagapatam and the West Coast, but in the latter half of the month there was a fair amount of rainfall in the Presidency except in Kurnool, Chingleput, South Arcot, Tanjore, Ramnad and Tinnevelly. On the whole the rainfall during the month was below the average in almost all the districts. Water-supply was good in the Circars and on the west coast, but was inadequate in Bellary, Anantapur and in parts of the Central and the Southern districts. Transplantation or sowing of paddy was general during the month in most districts, especially in the Carnatic, the Central districts, Tanjore, the Periyar tracts of Madura and Malabar. Other crops sown were ragi in the Central districts, cholam in East and West Godavari, Kistna, the Deccan, Nellore and North Arcot, cumbu in Salem and Trichinopoly, groundnut in Kurnool, Cuddapah and North Arcot, castor in Cuddapah and North Arcot, korra in the Deccan, cotton in East Godavari, Kistna, the Deccan and Trichinopoly and horsegram in Cuddapah, Chittoor and Salem.

The sowings in the month were generally satisfactory except in Trichinopoly. As in the previous month the figures reported from Bellary are not complete. The comparatively low acreage sown in the Circars and the Central districts during the month was due to the larger extent sown in the earlier months of the year.

2. *April to September—Sowings*—

(*a*) *Dry lands*.—The total area was more than the average by 8 per cent, but was 6 per cent less than last year. The increase as compared with the average was mainly in Kurnool, Anantapur, Cuddapah, South Arcot and North Arcot.

(*b*) *Wet lands*.—The total area exceeded the average and last year's figures by 12 and 6 per cent respectively. The increase was mainly in the Circars, the Carnatic, North Arcot and Tanjore.

3. Figures by districts are given in the statement appended.
